

BASIC TRAINING

ROOT CAMP 2017

ARE YOU **READY** FOR A CHALLENGE?

- Canoe Skills
- Orienteering
- Solo Night Survival Skills
- Adventure Games
- Group Initiatives

Mornings at the Base Camp will be a balance between group discussions and solo time for reflection. You will learn to apply the tools needed to develop a more mature relationship with God. Afternoons will use a variety of wilderness adventures to help you learn important outdoor skills as well as an opportunity to practice living a Christ centered life. Real life application at Root Camp makes it easier to take what you learn home with you!

The second component of every Root Camp session is a 4 day canoe trip in Algonquin Park! This is the highlight for many Root Campers, because we travel as far as 80 km over some of Canada's most beautiful lakes, streams and rugged wilderness.

While you may discover muscles you never knew you had -- the spiritual depth you gain in the midst of such a challenge is unforgettable.

BOYS ROOT CAMP 2017

Basic Training

Mission specs:

Root camp Mission...

Root Camp exists to educate, equip, and empower young men so they can experience a growing relationship with God.

Root Camp Vision...

Root Camp staff sees Basic Training participants impacting the world as their growing faith helps them take leadership and ownership in summer camps, community service, local churches, schools and families.

Root Camp Strategy...

Root Camp seeks to educate, equip and empower young men to be able to experience a growing relationship with God by being:

*Experiential!

Growth is only "cosmetic" unless theory is used in real life to develop "transformation"!

*Challenging!

Maturity is determined by how we react to adverse circumstances, that's why Root Camp takes place in a wilderness setting.

*Relational!

Our relationship with God is only as good as our relationships with people! Root Camp uses a team concept and a small leader to camper ratio that encourages you to develop leadership skills.
